TOWER CRANE LOCATION
IN THE DOMESTIC TERMINAL PARKING LOT
JUAN SANTAMARIA INTERNATIONAL AIRPORT
(MROC)

The Civil Aviation Authority announces that, with **immediate** effect, and until **November 30, 2026**, as part of the expansion projects at Juan Santamaría International Airport (MROC), as part of the Juan Santamaría International Airport (MROC) expansion projects, a tower crane, illuminated and signposted, is located in the Domestic Terminal parking lot; therefore, caution is advised due to its presence, given that it is specifically located on the transition surface of said airport, as detailed below:

Tower Crane Data

Crane ground level (m.s.n.m.)	Crane height (m)	Maximum elevation of the crane (m.s.n.m.)	Operating radius (NM)	WGS-84 Coordinates	Date of completion of works
913.46	30.29	943.75	0.035	095955.99N/ 0841224.23W	30/11/2026
